

Drone Photo Prep Guide

These tips will help your home look its best from above, and make a strong impression on buyers!

✔ Move Vehicles

- Clear cars, trailers, or equipment from driveways and streets

✔ Tidy Up the Yard

- Mow the lawn and trim hedges
- Remove any visible debris like branches or garden tools

✔ Hide Outdoor Items

- Move trash, recycle and yard waste bins out of sight
- Tuck away hoses, toys, or seasonal decorations that could be a distraction

✔ Check the Roof & Gutters

- Remove visible clutter like leaves or limbs on the roof.

- Make sure gutters are in good condition if visible from above

✔ Stage Outdoor Areas

- Straighten patio furniture and open umbrellas in outdoor living areas

Notify Your Neighbors: If needed, let nearby neighbors know about the drone shoot if their property may be visible. This can help avoid surprises or interruptions and will make the session run more smoothly.

High-quality Real Estate Photography and Drone services to help properties stand out and sell faster throughout the Winston-Salem area.
